

Ergonomic Slider from Slide-Rite®

Designed for Hooded Flexible Packages Requiring a Low-Profile Slider

Ergonomic design reduces drag force and makes sliding easy. Patented technology provides consistent closing, and the low profile reduces package film cost by use of a smaller size hood. Smooth design reduces film dimpling. It all adds up to a high-quality product image.

APPLICATIONS

- Frozen Foods
- Cheese & Dairy
- Dried Fruits & Snacks
- Consumer Household Products
- Deli Meats

Slider Specifics

Hourglass shape allows better gripping. The smooth edges are great for hooded applications.

Total Zipper Technology

Designed for Smoother, Low-Profile Packaging

We'll help your product work hard on the shelf and beyond. Our focus on consumer safety and product integrity is unmatched. Put over a decade of slider experience to work for your product.

Features

- Low-profile design for enhanced sealing in hooded packages
- Ergonomic design for easy open/easy close
- Hourglass shape for better gripping
- Patented technology for smooth, low drag force sliding action
- Smooth design reduces film dimpling

Insertion Equipment

- SR-T100 inserter models
- Ultrasonic end-terminations possible
- Compatible with numerous Open-Fill-Seal and manually fed sealing equipment
- Patented Top-Fill Tamper-Evident and "Hooded" systems allow filling around the closure
- Slider integration technology available as part of OEM machinery or as a retrofit on HFFS and pre-made bag converting equipment

Stock Colors

Red, white, yellow, and gold. Other color options available upon request.

Contact one of our slider sales professionals today, and we'll find a solution for virtually any flexible packaging need.
